

12 November 1971

Miss Christie Gallegos

Dear Miss Gallegos,

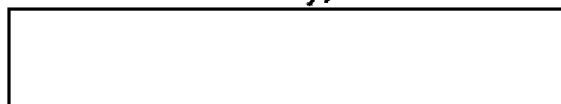

Thank you for your inquiry about the Central Intelligence Agency.

Enclosed are two brochures which I believe will be helpful to you. One outlines the background, mission and functions of the CIA. The other is a speech by Richard M. Helms, Director of Central Intelligence entitled "Global Intelligence and the Democratic Society."

You probably know that on 5 November 1971, President Nixon announced certain organizational changes in the intelligence community. A review of the news media will provide additional material for your study of the CIA.

I trust this information will give you a better understanding of our organization.

Sincerely,

John M. Maury
Legislative Counsel
